

MORE POWER. LESS WATER.

INTRODUCING THE NEXT GENERATION OF WATER-SAVING TOILETS.

The Vortens® Murano High-Efficiency Toilets deliver powerful performance with just **1.28 gpf** – an amazing 20% less than the standard 1.6 gpf toilets. For added comfort,

the Vortens Murano features an Ideal Height™ A.D.A.-compliant 16.5" bowl. And because they're equipped with Fluidmaster® fittings, maintenance

down the road will be quick and simple. Save water without sacrificing performance. Count on the proven leader – Vortens.
